2015-16 President's Report

This Report period commenced with John Wade as NSW Branch President. John, who remains on the Branch Board, has provided wonderful service of nearly a decade on the NSW Executive, five years of which were as Branch President. His tenure covered a difficult period in the NSW civil contracting industry, and much Branch and Member service reform occurred during his time. I had the privilege of being the NSW Branch Vice President while John was President and was honoured to take the baton from him and become NSW Branch President in September 2015.

As we move into an infrastructure construction growth phase, the NSW civil contracting industry faces new challenges. As other state infrastructure works programs reduce, competition is at unprecedented levels, and as result margins are tight. Cash flow has become a critical issue for all, and in a growing market payment terms can underpin success or failure. As a result of the stresses on, and opportunities in, our local industry I am sure we will see companies both experiencing success and closing their doors in the coming year.

It is indeed at times like this that an industry needs its voice to be clear, articulate, and resolute. As individual businesses our voice has little strength. Each of our businesses therefore needs a body that will stand up and fight for us with honesty and integrity, but with an unwavering commitment to the industry. In the NSW Branch of the CCF, we have just that. I have witnessed numerous occasions when this has occurred in Parliament House and in government agencies.

This is as it should be. We would hope for nothing else, for we pay our Membership fees for just this service. As the President of the Branch, this is certainly my expectation. The reality however is that while some industry bodies live up to this ideal, most do not. When I reflect on the accomplishments the NSW Branch has achieved over this year, I continue to be very impressed with what such a small team can do for our industry.

Just some of the advocacy pieces CCF NSW has been instrumental in undertaking over this past year have been:

- One of our most significant pieces of work in some years has been the submission of our proposal for the NSW Government to alter procurement processes to promote and properly value the use of local (NSW) contractors and suppliers by setting minimum levels of NSW content in contracts.
- Our proposal to the Government to cut tendering costs and time by establishing in the EOJ phase a short list of entities that includes a commitment to the utilisation of local suppliers and subcontractors.
- The securing of major reforms in civil Apprenticeships which have already resulted in more Apprentices being enrolled in the last four months of the year than in the previous two and a half years.
- The establishment of the landmark collaboration agreement with TAFE NSW to deliver quality civil industry training across NSW for employers.
- Development of the “Enough is enough...pay on time” campaign, developed in consort with two state government departments, to drive the industry to have contractors and suppliers paid on time.

We have also been extremely active in protecting a group of regional employers in one Local Council Area, who's Council had seen fit to establish a commercial civil contracting business, but was not reporting on this transparently to the community. Alone, these employers had little chance of forcing change, and so called in CCF. This is an ongoing matter that we have more work to do in, but we have successfully caused the NSW Office of Local Government to conduct an investigation of the Council,

and have already secured significant improvements in disclosure. The CCF Branch staff have shown a lot of fortitude in pursuing this matter and are to be commended; they have absorbed, and in doing so shielded the local employers from much of the animosity that has been generated from within the Council.

The NSW Branch's efforts in supporting our businesses have not been limited to our state's borders. NSW remains the only CCF Branch that provides in-house Industrial Relations services for Members; much of it free. The NSW Branch has thus been entrusted with acting on behalf of all CCF Branches at the Fair Work Commission in the ongoing four yearly Modern Award Review discussions. This activity is greatly appreciated by the CCF National Board, upon which I sit as NSW's representative.

In short, the advocacy work done by CCF NSW over the 2015/16 year has yet again been extraordinary. CCF NSW's fearless determination to advocate strongly for our Members and industry, with honesty and integrity, has become a defining characteristic of our operations here in NSW. Members can continue to take both great pride and comfort in the voice CCF NSW gives their businesses.

Some 45 events were held across NSW in 2015/16. Our Regional Meetings again showing how important our regional membership is to the heart and essence of CCF NSW as, to be a complete advocate, it is vital we listen to and represent regional Members. Our *State of the State* luncheon series continues to be extremely popular and both events this year were sell outs. Our 'Peoples Awards' event continues to grow in prestige, with the new "Aboriginal Employee of the Year Award" an entirely appropriate addition. To book end the year we had our sold out "Earth Awards", with a record number of entries and a sold out venue.

Our events are critical as much for the information they impart, as for the networking that occurs at them. We are a people industry, and the CCF events provide a great opportunity to build relationships. I encourage all to attend as many as possible.

From a financial performance perspective, the Branch Board are extremely pleased with the financial result for the 2015/16 year. A profit of \$153,715 was achieved against a forecast profit of \$990. This result is yet again one of the best Branch performances within CCF nationally, and further supports our equity position. These accumulated funds will be retained to allow us to confidently proceed with the implementation of Membership service offerings developed over the past few years.

It is important to point out that the NSW Board is conscious of not generating excessive surpluses; instead favouring returning to Members additional benefits such as service, or membership fee relief. To that end, the additional Member support role of Manager Policy and Projects was added to the Branch team in 2015/16. Further, in the past two years, membership fees have risen a total of just 1.5%.

Moreover, the very good financial result is a testament to tight fiscal control, additional sponsorship revenues, and the extremely hard work of our Branch staff. We have a committed core team in the CCF NSW office that we can be very proud of as an organisation.

From a governance perspective - an area the NSW Board places great emphasis on - the Auditor's very positive report yet again reflects the immense professionalism the Branch continues to display.

On behalf of the Board of CCF NSW, I commend to you the 2015/16 Annual Report of the NSW Branch.

Mick Boyle
CCF NSW Branch President

**FINANCIAL REPORT FOR
YEAR ENDED 30 JUNE 2016**

ABN 55 645 813 882

Operating Report for the Year Ended 30 June 2016

Principal Activities s254(2)(9a)

The principal activities of the Branch during the financial year were:

The Federation operates predominantly in one business and geographical segment, being a representative body of civil construction and maintenance contractors in New South Wales, providing support to Members throughout New South Wales via professional services, information and advice in a wide range of business service areas.

These services include industrial relations advice, dispute resolution, training (civil, business, workplace health and safety), changes to Acts and Regulation, changes to awards rates of and work practices to members of the Federation.

As the peak employer representative body for the industry in New South Wales the Federation represents its Members at all levels of Government and advocates relating to civil construction and maintenance and business trade.

Results of principal activities s254(2)(a)

The Branch's principal activities resulted in a profit of \$153,715 (2015 profit: \$221,330).

Advocacy and Member services in industrial relations services has again been a focus given Federal Workplace Relations reform including workplace agreements, and Federal and State Building and Construction Industry Code Compliance.

The Branch has again advocated strongly for Members and the industry in range of business impacting sectors, including infrastructure planning, procurement strategy and application, skills, industrial relations, workplace health and safety, and injury management/workers compensation.

Membership communications through the NSW Bulletin and e-bulletins, Member forums, functions, conferences and publications sales has again been significant throughout the year.

The Branch did not acquire an asset or liability during the financial year as a result of amalgamation under Part 2 of Chapter 3 of the Fair Work (Registered Organisations) Act, a restructure of the branches of an organisation, and/or a determination or revocation by the General Manager Fair Work Commission (FWC).

Significant changes in nature of principal activities s254(2)(a)

There were no significant changes in the nature of the Branch's principal activities during the financial year.

Significant changes in Federation's financial affairs s254(2)(b)

No matters or circumstances arose during the year which significantly affected the financial affairs of the Branch.

Trustee or director of trustee company of superannuation entity or exempt public sector superannuation scheme s254(2)(d)

No officer, or member of the reporting unit [to the best of my knowledge] holds a position as a trustee or director of a superannuation entity or exempt public sector superannuation scheme where the criterion for holding such position is that they are an officer or member of an organisation.

Number of Members reg 159(a)

The number of persons who, at the end of the financial year, were recorded on the Register of members was: 328 full members and 119 associate members. (2015: 331 full members and 101 associate members).

Number of Employees *reg 159(b)*

The number of persons who were, at the end of the financial year, employees of the NSW Branch of the Federation was 9 (2015: 6).

NSW Branch Board Members *reg 159(c)*

The persons who held office as members of the Board of the NSW Branch during the financial year were:

John Wade – Branch President (01.07.15 to 27.08.15)

John Wade – Branch Board Member (27.08.15 to 30.06.16)

Michael Boyle – Branch President (27.08.15 to 30.06.16)

Michael Boyle – Branch Vice President (01.07.15 to 27.08.15)

Craig Smith – Branch Treasurer (27.08.15 to 30.06.16)

Craig Smith – Branch Board Member (01.07.15 to 27.08.15)

Stuart Ford – Branch Treasurer (01.07.15 to 27.08.15)

Stuart Ford – Branch Vice-President (27.08.15 to 30.06.16)

Robert Antoun – Branch Board Member (01.07.15 to 30.06.16)

Tom Brady – Branch Board Member (01.07.15 to 30.06.16)

Glenn Cherrie – Branch Board Member (01.07.15 to 30.06.16)

Anthony Di Cello – Branch Board Member (27.08.15 to 30.06.16)

Lee Fahey – Branch Board Member (01.07.15 to 27.08.15)

Lee Fahey – Branch Board Member (23.03.16 to 30.06.16)

Michael Fitzgerald – Branch Board Member (01.07.15 to 27.08.15)

Michael Fitzgerald – Branch Board Member (23.03.16 to 30.06.16)

Glenn Fordham – Branch Board Member (01.07.15 to 30.06.16)

David O'Connor – Branch Board Member (01.07.15 to 27.08.15)

David O'Connor – Branch Board Member (23.03.16 to 30.06.16)

Mark Schultz – Branch Board Member (01.07.15 to 30.06.16)

Paul Wise – Branch Board Member (01.07.15 to 30.06.16)

Robert Dahan – Branch Board Member (01.07.15 to 27.08.15)

Manner of resignation

Members may resign from the Branch in accordance with Section 174 of the Fair Work (Registered Organisations) Act 2009 and with rule 9 of the Civil Contractors Federation Constitution and Rules, which reads as follows:

"9 - RESIGNATION OF MEMBERS

- (a) A Member may resign from the Branch by written notice addressed and delivered to the Chief Executive Officer (National).
- (b) A notice of resignation from membership of the Branch takes effect:
 - (i) at the end of two weeks after the notice is received by the Branch; or
 - (ii) on the day specified in the notice;whichever is later.
- (c) Any dues payable but not paid by a former Member of the Branch in relation to a period before the Member's resignation from the Branch took effect, may be sued for and recovered in the name of the Branch, in a court of competent jurisdiction, as a debt due to the Branch.
- (d) A notice of resignation that has been received by the Branch is not invalid because it was not addressed and delivered in accordance with sub rule (a) of Rule 9.
- (f) A resignation from membership of the Branch is valid even if it is not affected in accordance with this section if the Member is informed in writing by or on behalf of the Branch that the resignation has been accepted.

Michael Boyle
NSW President

Dated in Sydney, this 17th day of August 2016

NSW Committee of Management Statement for the Year Ended 30 June 2016

On, 17th August 2016, the Board of the Civil Contractors Federation (NSW Branch) passed the following resolution in relation to the general purpose financial report (GPFR) of the reporting unit for the financial year ended 30 June 2016:

The NSW Branch declares in relation to the GPFR that in its opinion:

- (a) the financial statements and notes comply with the Reporting Guidelines of the General Manager of FWC and Australian Accounting Standards;
- (b) the financial statements and notes give a true and fair view of the financial performance, financial position and cash flows of the reporting unit for the financial year to which they relate;
- (c) there are reasonable grounds to believe that the reporting unit will be able to pay its debts as and when they become due and payable;
- (d) during the financial year to which the general purpose financial report relates and since the end of that year:
 - (i) meetings of the NSW Branch Board were held in accordance with the rules of the organisation including the rules of a branch concerned;
 - (ii) the financial affairs of the reporting unit have been managed in accordance with the rules of the organisation including the rules of a branch concerned;
 - (iii) the financial records of the reporting unit have been kept and maintained in accordance with the Fair Work (Registered Organisations) Act 2009, and the Fair Work (Registered Organisations) Regulations 2009;
 - (iv) the information sought in any request of a member of the reporting unit or the General Manager of FWC duly made under section 272 of the Fair Work (Registered Organisations) Act 2009 has been furnished to the member or General Manager of FWC;
 - (v) the financial records of the reporting unit have been kept, to the extent we have been advised of them and as far as practicable, in a consistent manner to each of the other reporting units of the organisation;
 - (vi) no requests were received from any member of the reporting unit or a General Manager of FWC for information under section 272 of the Fair Work (Registered Organisations) Act 2009; and
 - (vii) there have been no orders for inspection of financial records made by Fair Work Commission under section 273 of the Fair Work (Registered Organisations) Act 2009 during the period; and
- (e) in relation to recovery of wage activity, there has been no recovery of wage activities during the year.

For the NSW Branch Board (Committee of Management):

Michael Boyle
NSW President

Dated in Sydney, this 17th day of August 2016

Auditor's Independence Declaration

**AUDITOR'S INDEPENDENCE DECLARATION
TO THE BOARD OF THE
CIVIL CONTRACTORS FEDERATION – NSW BRANCH**

We declare that, to the best of our knowledge and belief, during the year ended 30 June 2016 there have been:-

- (i) no contraventions of the auditor independence requirements in relation to the audit; and
- (ii) no contraventions of any applicable code of professional conduct in relation to the audit.

Notes to the Financial Statements for the Year Ended 30 June 2016

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

This financial report is a general purpose financial report that has been prepared in accordance with Accounting Standards, Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the requirements of the Fair Work (Registered Organisations) Act 2009 and Fair Work (Registered Organisations) Regulations 2009.

The financial report covers Civil Contractors Federation (NSW Branch) as an Individual entity. Civil Contractors Federation (NSW Branch) is a Federation incorporated in New South Wales under the Fair Work (Registered Organisations) Act 2009.

Basis of Preparation

The financial report of Civil Contractors Federation (NSW Branch) as an individual entity complies with all Australian equivalents to International Financial Reporting Standards (AIFRS) in their entirety.

The Civil Contractors Branch (NSW Branch) is a 'not for profit' organisation.

The financial report has been prepared on an accruals basis and is based on historical costs and does not take into account changing money values or, except where stated, current valuations of non-current assets.

Cost is based on fair values of consideration given in exchange for assets.

The accounting policies set out below have been consistently applied, unless otherwise stated.

Accounting Policies

a. Income Tax

The Federation is registered under the Fair Work (Registered Organisations) Act 2009 and, is believed to be exempt from income tax including capital gains tax, by virtue of the provisions of s.50-15 of the Income Tax Assessment Act 1997.

b. Cash and cash equivalents

Cash and cash equivalents include cash on hand and deposits held at-call with banks or financial institutions, investments in money market instruments maturing in less than three months, net of bank overdrafts.

c. Plant and Equipment

Each class of plant and equipment is carried at cost or fair value, less, where applicable, any accumulated depreciation and impairment losses.

Cost and valuation

Plant and equipment are measured on the cost basis less depreciation and impairment losses.

The carrying amount of plant and equipment is reviewed annually by the Board to ensure it is not in excess of the recoverable amount of those assets. The recoverable amount is assessed on the basis of the expected net cash flows which will be received from the assets' employment and subsequent disposal. The expected net cash flows have been discounted to present value in determining recoverable amounts.

Notes to the Financial Statements for the Year Ended 30 June 2016 (cont'd)

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

c. Plant and Equipment (cont'd)

Depreciation

The depreciable amounts of plant and equipment are depreciated using the straight line method at rates based on their estimated useful lives commencing from the time the asset is held ready for use.

The depreciation rates used for each class of depreciable asset are:

	2016	2015
Office, furniture and equipment	20%-33%	10%-33%
Motor vehicles	10%-20%	10%-20%

The assets' residual values and useful lives are reviewed and adjusted, if appropriate, at each balance date.

The assets' carrying value is written down immediately to recoverable amount if the carrying amount is greater than estimated recoverable amount.

Gains and losses on disposal are determined by comparing the proceeds with the carrying amount. These gains and losses are included in the Statement of Profit and Loss.

d. Financial Instruments

Financial instruments are initially measured at cost on trade date, which includes the transaction costs, when the related contractual rights or obligations exist.

Subsequent to the initial recognition, the Board assess whether there is objective evidence that a financial instrument has been impaired. A prolonged decline in the value of the instrument is considered to determine whether an impairment has arisen, impairment losses are recognised in the Statement of Profit and Loss.

e. Employee Benefits

Short-term employee benefits

Provision is made for the Branch's obligation for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and vesting sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Branch's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as part of current trade and other payables in the statement of financial position.

**Notes to the Financial Statements
for the Year Ended 30 June 2016 (cont'd)**

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

e. Employee Benefits (cont'd)

Long-term employee benefits

Provision is made for employee's long service leave and annual leave entitlements not expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service. Other long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any measurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Branch's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Branch does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

No provision is made for sick leave as there is no vested liability to pay for accumulated leave and the sick leave to be taken in future reporting periods is not expected to be greater than entitlements which are expected to accrue in those periods.

Superannuation

Contributions are made by the Branch to employee superannuation funds and are expensed when incurred. The Branch is not obliged to contribute to these funds other than to meet its liabilities under the superannuation guarantee system and is under no obligation to make up any shortfall in the funds' assets to meet payments due to employees.

f. Leases

Leases of fixed assets, where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership, are transferred to the Branch are classified as finance leases.

Finance leases are capitalised by recording an asset and a liability equal to the present value of the minimum lease payments, including any guaranteed residual values. Leased assets are depreciated on a straight line basis over their estimated useful lives where it is likely that the Federation will obtain ownership of the asset over the term of the lease. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

Lease incentives received under operating leases are recognised as a liability. Lease payments reduce the liability.

**Notes to the Financial Statements
for the Year Ended 30 June 2016 (cont'd)**

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

g. Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of expense, and is included in receivables and payables in the Statement of Financial Position.

Cash flows are presented in the Cash Flow Statement on a gross basis, except the GST component of investing and financing activities, which are disclosed as operating cash flows.

h. Revenue

Revenue from membership subscriptions is recognised proportionately over the period to which it relates. Any contribution received in advance for the next period is included in deferred income.

Revenue from the rendering of a service is recognised in proportion to the stage of completion of the service.

Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.

i. Comparative figures

When required by Accounting Standards, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

j. Operating Segment

The Branch is incorporated under the Fair Work (Registered Organisations) Act 2009 and domiciled in Australia.

The Branch operates predominantly in one business and geographical segment, being a representative body of civil engineering contractors in NSW Australia, providing professional services, information and advice including industrial relations advice, dispute resolution, training (business, occupational health and safety), changes to acts and legislation, changes to award rates of and work practices to members of the Branch throughout NSW Australia.

k. Fair Value of Assets and Liabilities

The Branch measures some of its assets and liabilities at fair value on either a recurring or non-recurring basis, depending on the requirements of the applicable Accounting Standard.

Fair value is the price the Branch would receive to sell an asset or would have to pay to transfer a liability in an orderly (ie. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

**Notes to the Financial Statements
for the Year Ended 30 June 2016 (cont'd)**

k. Fair Value of Assets and Liabilities (cont'd)

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset or minimises the payments made to transfer the liability, after taking into account transaction costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

The fair value of liabilities may be valued, where there is no observable market price in relation to the transfer of such financial instruments, by reference to observable market information where such instruments are held as assets. Where this information is not available, other valuation techniques are adopted and, where significant, are detailed in the respective note to the financial statement.

l. Capitation Fees

These fees are recognised on an accruals basis, and recorded as an expense in the year to which they relate.

m. Critical Accounting Estimates and Judgements

The Board evaluates estimates and judgments incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Branch.

Key Estimates – Impairment

The Board assesses impairment on each reporting date by evaluating conditions specific to the Branch that may lead to impairment of assets. Where an impairment trigger exists, the recoverable amount of the asset is determined. Value-in-use calculations performed in assessing recoverable amounts incorporate a number of key estimates.

No impairment has been recognised in respect of any assets for the year ended 30 June 2016, except as stated in this report.

Key Judgements - Doubtful Debts Provision

The Board have assessed each debtor and have estimated no provision for doubtful debts is required except as disclosed at Note 5. The Board believes that the full amount of the remaining debtors are recoverable.

**Notes to the Financial Statements
for the Year Ended 30 June 2016 (cont'd)**

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

n. New Accounting Standards for Application in Future Periods

Accounting Standards issued by the AASB that are not yet mandatorily applicable to the Branch, together with an assessment of the potential impact of such pronouncements on the Branch when adopted in future periods, are discussed below:

- AASB 9: *Financial Instruments* and associated Amending Standards (applicable to annual reporting periods beginning on or after 1 January 2018).

The Standard will be applicable retrospectively (subject to the provisions on hedge accounting outlined below) and includes revised requirements for the classification and measurement of financial instruments, revised recognition and derecognition requirements for financial instruments and simplified requirements for hedge accounting.

The key changes that may affect the Branch on initial application include certain simplifications to the classification of financial assets, simplifications to the accounting of embedded derivatives, upfront accounting for expected credit loss, and the irrevocable election to recognise gains and losses on investments in equity instruments that are not held for trading in other comprehensive income. AASB 9 also introduces a new model for hedge accounting that will allow greater flexibility in the ability to hedge risk, particularly with respect to hedges of non-financial items. Should the entity elect to change its hedge policies in line with the new hedge accounting requirements of the Standard, the application of such accounting would be largely prospective.

Although the directors anticipate that the adoption of AASB 9 may have an impact on the Branch's financial instruments, including hedging activity, it is impracticable at this stage to provide a reasonable estimate of such impact.

- AASB 15: *Revenue from Contracts with Customers* (applicable to annual reporting periods beginning on or after 1 January 2018, as deferred by AASB 2015-8: *Amendments to Australian Accounting Standards – Effective Date of AASB 15*).

When effective, this Standard will replace the current accounting requirements applicable to revenue with a single, principles-based model. Except for a limited number of exceptions, including leases, the new revenue model in AASB 15 will apply to all contracts and customers as well as non-monetary exchanges between entities in the same line of business to facilitate sales to customers and potential customers.

The core principle of the Standard is that an entity will recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for the goods or services. To achieve this objective, AASB 15 provides the following five-step process:

- identify the contract(s) with a customer;
- identify the performance obligations in the contract(s);
- determine the transaction price;
- allocate the transaction price to the performance obligations in the contract(s); and
- recognise revenue when (or as) the performance obligations are satisfied.

This Standard will require retrospective restatement, as well as enhanced disclosures regarding revenue.

Although the directors anticipate that the adoption of AASB 15 may have an impact on the Branch's financial statements, it is impracticable at this stage to provide a reasonable estimate of such impact.

Notes to the Financial Statements for the Year Ended 30 June 2016 (cont'd)

New Accounting Standards for Application in Future Periods (cont'd)

- AASB 16: *Leases* (applicable to annual reporting periods beginning on or after 1 January 2019).

When effective, this Standard will replace the current accounting requirements applicable to leases in AASB 117: *Leases* and related Interpretations. AASB 16 introduces a single lessee accounting model that eliminates the requirement for leases to be classified as operating or finance leases.

The main changes introduced by the new Standard include:

- recognition of a right-to-use asset and liability for all leases (excluding short-term leases with less than 12 months of tenure and leases relating to low-value assets);
- depreciation of right-to-use assets in line with AASB 116: *Property, Plant and Equipment* in profit or loss and unwinding of the liability in principal and interest components;
- variable lease payments that depend on an index or a rate are included in the initial measurement of the lease liability using the index or rate at the commencement date;
- by applying a practical expedient, a lessee is permitted to elect not to separate non-lease components and instead account for all components as a lease; and
- additional disclosure requirements.

The transitional provisions of AASB 16 allow a lessee to either retrospectively apply the Standard to comparatives in line with AASB 108: *Accounting Policies, Changes in Accounting Estimates and Errors* or recognise the cumulative effect of retrospective application as an adjustment to opening equity on the date of initial application.

Although the directors anticipate that the adoption of AASB 16 will impact the Branch's financial statements, it is impracticable at this stage to provide a reasonable estimate of such impact.

o. Information to be provided to Members or General Manager of FWC

In accordance with the requirements of the Fair Work (Registered Organisations) Act 2009, the attention of members is drawn to the provisions of sub-section (1), (2) and (3) of Section 272 which reads as follows:-

- (1) A Member of an organisation, or the General Manager of FWC, may apply to the organisation for specified prescribed information in relation to the organisation to be made available to the person making the application.
- (2) The application must be in writing and must specify the period within which, and the manner in which, the information is to be made available. The period must not be less than 14 days after the application is given to the organisation.
- (3) An organisation must comply with an application made under subsection (1).

p. Going Concern

The Branch believes based on forecasts for the 2017 year, that a going concern basis continues to be appropriate. The branch is not reliant on agreed financial support to continue as a going concern, nor has it agreed to provide such support to ensure other branches can operate as a going concern.

	2016 \$	2015 \$	2016 \$	2015 \$	2016 \$	2015 \$
Officeholders	-	-	-	-	-	-
Other Staff	84,059	57,908	50,960	44,828	135,019	102,736
Total	84,059	57,908	50,960	44,828	135,019	102,736

There are no bonuses for separation and redundancy or other provisions for officeholders or other employees (2015: \$nil).

Provision for employee benefits represents amounts accrued for annual leave and long service leave.

The current portion for this provision includes the total amount accrued for annual leave entitlements and the amounts accrued for long service leave entitlements that have vested due to employees having completed the required period of service. Based on past experience, the Branch does not expect the full amount of annual leave or long service leave balances classified as current liabilities to be settled within the next 12 months. However, these amounts must be classified as current liabilities since the Branch does not have an unconditional right to defer the settlement of these amounts in the event employees wish to use their leave entitlement.

The non-current portion for this provision includes amounts accrued for long service leave entitlements that have not yet vested in relation to those employees who have not yet completed the required period of service.

Hire purchase facilities are secured by the assets they are financing.		

NOTE 14: FINANCIAL RISK MANAGEMENT

Financial Risk Management Policies

The Branch's financial instruments consist mainly of deposits with banks, short term investments, accounts receivable and payable, and investments in an unlisted company.

The Branch does not have any derivative instruments at 30 June 2016.

i. Terms, Conditions and Accounting Policies

The Branch's accounting policies are included in Note 1, while the terms and conditions, including the effective weighted average interest rate of each class of financial asset and financial liability both recognised and unrecognised at the balance date are included under the appropriate note for that instrument.

ii. Treasury Risk Management

The Branch Board members meet on a regular basis to analyse financial risk exposure and to evaluate treasury management strategies in the context of the most recent economic conditions and forecasts.

iii. Financial Risk Exposures and Management

The main risks the Branch is exposed to through its financial instruments are interest rate risk, liquidity and credit risk.

Liquidity risk

The Branch manages this risk by monitoring its credit terms on trade debtors.

Interest rate risk

The Branch has performed a sensitivity analysis relating to its exposure to interest rate risk at balance date. This sensitivity analysis demonstrates the effect on current year results and equity which could result from a change in this risk.

**Notes to the Financial Statements
for the Year Ended 30 June 2016 (cont'd)**

As at 30 June 2016, the effect on profit and equity as a result of the changes in interest rate, with all other variables remaining constant would be as follows:

	2016 \$	2015 \$
Change in profit/(loss)		
Increase in interest rate by 1%	8,066	9,352
Decrease in interest rate by 1%	(8,066)	(9,352)
Change in equity		
Increase in interest rate by 1%	8,066	9,352
Decrease in interest rate by 1%	(8,066)	(9,352)

This sensitivity analysis has been performed on the assumption that all other variables remain unchanged.

No sensitivity analysis has been performed on foreign currency risk as the Branch is not materially exposed to foreign currency fluctuations.

Credit Risk Exposure

The maximum exposure to credit risk, excluding the value of any collateral or other security, at balance date to recognised financial assets is the carrying amount of those assets, net of any provisions for doubtful debts, as disclosed in the Statement of Financial Position and notes to the financial report.

The Branch is not materially exposed to any individual credit risk.

NOTE 14: FINANCIAL RISK MANAGEMENT (cont'd)

Interest Rate Risk

The Branch's exposure to interest rate risk, which is the risk that a financial instrument's value will fluctuate as a result of changes in market interest rates and the effective weighted average interest rates on classes of financial assets and financial liabilities, is as follows:-

	Weighted Average Effective Interest Rate %	Floating Interest Rate \$	Fixed Interest Rate Maturities			Non Interest Bearing \$	Total \$
			1 year or less \$	1 to 5 years \$	Over 5 years \$		
30 June 2016							
Assets:							
Cash	1.10%	877,694	-	-	-	500	878,194
Trade and Sundry Debtors		-	-	-	-	2,198,703	2,198,703
		877,694	-	-	-	2,199,203	3,076,897
Liabilities:							
Sundry Creditors & Other Liabilities		-	-	-	-	(2,578,008)	(2,578,008)
Borrowings	6.5%	-	(35,005)	(36,070)	-	-	(71,075)
			(35,005)	(36,070)	-	(2,578,008)	(2,649,083)
Net financial assets		877,694	(35,005)	(36,070)	-	(378,805)	427,814
30 June 2015							
Total financial assets	1.35%	1,002,612	-	-	-	1,528,375	2,530,987
Total financial liabilities	6.5%	-	(33,088)	(34,314)	-	(2,172,840)	(2,240,242)
Net financial assets		1,002,612	(33,088)	(34,314)	-	(644,465)	290,745

iv. Net Fair Values

The aggregate net fair values and carrying amount of financial assets and financial liabilities are disclosed in the Statement of Financial Position and in the notes to the financial statements.

**Notes to the Financial Statements
for the Year Ended 30 June 2016 (cont'd)**

NOTE 15: RELATED PARTIES

a. NSW Branch Board members

The names of the members of the NSW Branch Board who held office during the year are as follows:

John Wade, Michael Boyle, Stuart Ford, Robert Antoun, Tom Brady, Glenn Cherrie, Robert Dahan, Lee Fahey, Glenn Fordham, Michael Fitzgerald, David O'Connor, Mark Schultz, Craig Smith, Paul Wise and Anthony Di Cello.

No officeholder received any remuneration during the year, or accrued an employee entitlement.

The officeholders received no 'non cash' benefits (2015: \$nil). No officeholder of the Branch during the year and/or the prior year declared any material personal interest in a matter that he/she has or did acquire, or a relative of the officeholder has or did acquire. Personal interests and directorships are disclosed in the Operating Report.

No officeholder or officer of the Branch (this year or last year) received any remuneration because they were a member of, or held position with a Board or other organisation because:-

- i) The officeholder held such a position with the Board or other organisation only because they were an officeholder of the Branch; or
- ii) They were nominated for the position by the Branch; or
- iii) They received remuneration from any third party, in connection with the performance of their duties as an officeholder of the Branch.

b. Names and positions held by key management personnel at any time during the year

David Castledine - Chief Executive Officer
 Raul Baonza – Compliance Support Officer – People Issues
 Danielle Briggs – Finance Officer
 Heath Kilah – Compliance Support Field Officer / Systems Issues
 Dr. Liesel Henn – Policy and Projects Manager

In the current year, there was 9 full time equivalent staff (2015: 5.5 full time equivalent staff).

Net cash provided by operating activities	(24,841)	602,118

c. Credit Facility

The Branch has a business card credit facility of \$50,000. The facility is required to be clear at the end of each month. At 30 June 2016, the available facility was \$43,217.

**Notes to the Financial Statements
for the Year Ended 30 June 2016 (cont'd)**

	2016 \$	2015 \$
NOTE 17: OPERATING COMMITMENTS		
Operating Lease Commitments		
Non-cancellable operating leases contracted for but not capitalised in the financial statements:		
- not later than 12 months	94,425	91,833
- between 12 months and five years	102,515	196,940
	196,940	288,773

a. Office

An operating lease agreement was commenced on 23 September 2013 for a period from September 2013 to September 2018 with Essential Fire Superannuation Pty Ltd on the use of the premise situated at 11/9 Hoyle Avenue, Castle Hill.

NOTE 18: EVENTS SUBSEQUENT TO BALANCE DATE

No matters or circumstances have occurred since the end of the financial year which significantly affect, or may significantly affect, the operations of the Branch, the results of those operations or the state of affairs of the Branch in future financial years, other than the Branch is relocating to new premises.

NOTE 19: FAIR VALUE MEASUREMENT

The Branch measures and recognises the following assets and liabilities at fair value on a recurring basis after initial recognition:

- financial assets at fair value through profit or loss;
- available-for-sale financial assets; and
- freehold land and buildings.

The Branch does not subsequently measure any liabilities at fair value on a recurring basis, or any assets or liabilities at fair value on a non-recurring basis.

**Notes to the Financial Statements
for the Year Ended 30 June 2016 (cont'd)**

NOTE 19: FAIR VALUE MEASUREMENT (cont'd)

a. Fair Value Hierarchy

AASB 13: Fair Value Measurement requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurements into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1	Level 2	Level 3
Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.	Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.	Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The Branch selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Branch are consistent with one or more of the following valuation approaches:-

- Market approach: valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.
- Income approach: valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.
- Cost approach: valuation techniques that reflect the current replacement cost of an asset at its current service capacity.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the company gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

**Notes to the Financial Statements
for the Year Ended 30 June 2016 (cont'd)**

NOTE 19: FAIR VALUE MEASUREMENT (cont'd)

The following tables provide the fair values of the Branch's assets and liabilities measured and recognised on a recurring basis after initial recognition and their categorisation with the fair value hierarchy.

	Note	30 June 2016			Total \$
		Level 1 \$	Level 2 \$	Level 3 \$	
Recurring fair value measurements					
<i>Financial assets</i>					
Available for sales assets		-	12,500	-	12,500
Total financial assets recognised at fair value		-	12,500	-	12,500
<i>Non-financial assets</i>					
Freehold land & buildings		-	-	-	-
Total non-financial assets recognised at fair value		-	-	-	-

	Note	30 June 2015			Total \$
		Level 1 \$	Level 2 \$	Level 3 \$	
Recurring fair value measurements					
<i>Financial assets</i>					
Available for sales assets		-	12,500	-	12,500
Total financial assets recognised at fair value		-	12,500	-	12,500
<i>Non-financial assets</i>					
Freehold land & buildings		-	-	-	-
Total non-financial assets recognised at fair value		-	-	-	-

b. Valuation Techniques and Inputs Used to Measure Level 2 Fair Values

Description	Fair Value at 30 June 2016 & 30 June 2015 \$	Valuation Technique(s)	Inputs Used
<i>Financial assets</i>			
Financial assets at fair value through future cash flow:	12,500	Market approach: valuation techniques that reflect prices and other relevant information generated by market transactions for identical or similar assets	Market price per share, market borrowing date
	12,500		

**Notes to the Financial Statements
for the Year Ended 30 June 2016 (cont'd)**

NOTE 19: FAIR VALUE MEASUREMENT (cont'd)

c. Disclosed Fair Value Measurements

The following assets and liabilities are not measured at fair value in the statement of financial position, but their fair values are disclosed in the notes:-

- accounts receivable and other debtors;
- accounts payable and other payables; and
- hire purchase liability.

The following table provides the level of the fair value hierarchy within which the disclosed fair value measurements are categorised in their entirety and a description of the valuation techniques(s) and inputs used:

Description	Fair Value at Hierarchy Level	Valuation Technique(s)	Inputs Used
<i>Assets</i>			
Accounts receivable and other debtors	3	Income approach using discounted cash flow methodology	Market interest rates for similar assets
<i>Liabilities</i>			
Accounts payable and other payables	3	Income approach using discounted cash flow methodology	Market interest rates for similar assets
Hire purchase liabilities	2	Income approach using discounted cash flow methodology	Current commercial borrowing rates for similar instruments

NOTE 20: CONTINGENT LIABILITIES

The Branch is not subject to any material contingent liabilities at balance date.

NOTE 21: ECONOMIC DEPENDENCY

The Branch is economically dependent on ongoing funding in the form of membership fees.

NOTE 22: OTHER DISCLOSURES

The Branch did not receive or provide any financial support from/(to) any other reporting unit during the year.

Except as disclosed in the Statement of Profit and Loss, there were no expenses in connection with holding meetings of members of the Branch and any conferences or meetings of councils, committees, panels or other bodies for the holding of which the Branch was wholly or partly responsible.

No payables exist at reporting date in respect of legal costs (2015: \$14,031 payable for legal costs (relating to 'other matters')). No payable exists at reporting date in respect of consideration to payroll deductions (2015: \$nil).

for the Year Ended 30 June 2016 (cont'd)**

NOTE 23: BRANCH DETAILS

The registered office and the principal place of business of the Branch is:
Civil Contractors Federation (NSW Branch)
Unit 11
9 Hoyle Avenue
Castle Hill NSW 2154

Auditor's Report

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
CIVIL CONTRACTORS FEDERATION (NSW BRANCH)

To the Members of Civil Contractors Branch – NSW Branch

Scope

The financial report and Committee of management responsibility

The financial report comprises the Committee of Management Statement, Statement of Profit and Loss, Statement of Comprehensive Income, Statement of Financial Position, Statement of Changes in Equity, Cash Flow Statement, and accompanying notes to the financial statements for the Civil Contractors Branch (NSW Branch) for the year ended 30 June 2016 set out on pages 6 to 32.

The NSW Branch Board of the Branch is responsible for the preparation and true and fair presentation of the financial report in accordance with Australian Accounting Standards, the Reporting Guidelines of the General Manager of FWC and other mandatory financial reporting requirements in Australia. This includes responsibility for the maintenance of adequate accounting records and internal controls that are designed to prevent and detect fraud and error, and for the accounting policies and accounting estimates inherent in the financial report.

Audit Approach

We conducted an independent audit in order to express an opinion to the members of the NSW Branch. Our audit was conducted in accordance with Australian Auditing Standards, in order to provide reasonable assurance as to whether the financial report is free of material misstatement. The nature of an audit is influenced by factors such as the use of professional judgment, selective testing, the inherent limitations of internal control, and the availability of persuasive rather than conclusive evidence. Therefore, an audit cannot guarantee that all material misstatements have been detected.

We performed procedures to assess whether in all material respects the financial report presents fairly, in accordance with Australian Accounting Standards, the Reporting Guidelines of the General Manager of FWC and other mandatory financial reporting requirements in Australia, a view which is consistent with our understanding of the Branch's financial position, and of its performance as represented by the results of its operations and cash flows.

We formed our audit opinion on the basis of these procedures, which included:

- examining, on a test basis, information to provide evidence supporting the amounts and disclosures in the financial report; and
- assessing the appropriateness of the accounting estimates made by members of the Committee of Management.

While we considered the effectiveness of management's internal controls over financial reporting when determining the nature and extent of our procedures, our audit was not designed to provide assurance on internal controls.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
CIVIL CONTRACTORS FEDERATION (NSW BRANCH)**

Independence

In conducting our audit, we followed applicable independence requirements of Australian professional ethical pronouncements.

Audit Opinion

In our opinion, under the Fair Work (Registered Organisations) Act 2009, the general purpose financial report is presented fairly in accordance with any of the following that apply in relation to the reporting unit:

- a. Australian Accounting Standards, and Australian Accounting interpretations;
- b. in relation to recovery of wages activity;
 - (i) that the scope of the audit encompassed recovery of wages activity
 - (ii) that the financial statements and notes and recovery of wages activity fairly report all information required by the reporting guidelines of General Manager of FWC, including;
 - 1. Any fees charged to or reimbursements of expenses claimed from members and others for recovery of wages activity; and
 - 2. Any donations or other contributions deducted from recovered money; and
- c. Any other requirements imposed by these Reporting Guidelines or the Fair Work (Registered Organisations) Act 2009.

In our opinion, there were kept by the organisation satisfactory accounting records detailing the source and nature of all income and the nature of all expenditure.

As part of our audit of the organisation for the year ended 30 June 2016, we are of the opinion that management's use of the going concern basis of accounting in the preparation of its financial statements is appropriate.
